### Type of Bag to pack items in:

Please keep in mind that each child needs to carry his or her own bag. As Urban Camp has upstairs accommodation, this may include carrying luggage up two flights of stairs. A good rule is: if your child can't carry his or her bag, you may need to re-think what you have packed or what sort of bag you have chosen.

**Make sure you can carry your own bag and it is not too heavy!**

### Sample luggage options:
